

## MEET THE ESVS IN SERBIA

30.10.2022

09.00-13.00 WORKSHOP: CARDIO AND VASCULAR ANASTOMOSIS

13.00-14.00 Meeting of the committee of the Serbian registry for vascular procedures (SerbVasc)

14.00 -15.00 LUNCH

15.00-17.00h EVST SESSION I – TRAINING IN VASCULAR SURGERY

Format: Invited lectures

Duration: 5 minutes presentation + 5 minutes discussion

Moderators: Marko Dragas, Liliana Domingos, Petar Zlatanovic, Mihailo Neskovic

**Keynote lecture:** What can we learn from the training programs in United States? **Adam Taniou**, USA

**Keynote lecture:** What can we learn from training programs in United Kingdom? **Natalie Condie**, UK

Training from ESVS perspective, is there a minimum that every trainee in Europe can accomplish?

**Stefano Ancetti**, Italy

Online possibilities for education in vascular surgery, **Adina Trusca**, Romania

Simulators and models in vascular surgery, **Slobodan Pesic**, Serbia

Cadaveric labs in vascular surgery, **Marton Berczeli**, Hungary

Abroad fellowship is still a fantastic experience! **Dimitros Chaidaroglou**, Greece

Radiation protection education during training, **Liliana Domingos**, Portugal

Virtual reality, a new emerging tool for education in vascular surgery, **Aleksandra Vujcic**, Serbia

Influence of COVID-19 on vascular surgery training, **Klaudija Hriberski**, Croatia

Vascular surgery training in Serbia, can we do better? **Mihailo Neskovic**, Serbia

**17.00-17.30 Coffee break**

**17.30-19.15h - EVST SESSION II – RESEARCH IN VASCULAR MEDICINE FORMAT: INVITED LECTURES**

**Duration: 5 minutes presentation + 5 minutes discussion**

**Moderators: Slobodan Tanaskovi, Stefano Ancetti, Petar Zlatanovic, Radivoje Zoranovic**

**Keynote lecture:**

What can we learn from research program in Netherlands? **Natalija Bogunovic**, Netherlands

**Keynote lecture:**

What can we learn from the research programs in United States? **Cindy Huynh**, USA

STARSurg/GlobalSurg/EuroSurg, how do unite trainees and students together in science? **Marton Berczeli**, Hungary

What can we learn from the Vascular and Endovascular Research Network (VERN) collaboration? **Lewis Meecham**, UK

European Research Collaborative Network, where are we now? **Petar Zlatanovic**, Serbia

Biobanks and tissue database in vascular surgery, **Dimitros Chaidaroglou**, Greece

Abdominal aortic aneurysm biomechanics, **Milos Sladojevic**, Serbia

Scholarships and grants for research in vascular surgery, **Adina Trusca**, Romania

Doing research in Croatia, what can we improve? **Klaudija Hriberski**, Croatia

**31.10.2022**

**08.00 – 08.30 Registration**

**08.30 – 09.00 Opening ceremony**

**09.00-10.30 SESSION I – AORTIC PATHOLOGY**

**Format:** Invited lectures

**Duration:** 5 minutes presentation + 5 minutes discussion

**Moderators:** Nikola Ilic, Philippe Kohl, Konstantinos Moulakakis

09.00-09.05 Predictors of early and follow-up EVAR failure with currently available endografts, **Mauro Gargiulo**, Italy

09.05-09.10 Indication for open AAA repair in the endovascular era, **Lazar Davidovic**, Serbia

09.10-09.20 Discussion

09.20-09.25 Rupture after EVAR. Incidence, Outcome and Treatment, **Konstantinos Moulakakis**, Greece

09.25-09.30 Hospital logistics and organization in establishing an endovascular service for RAAAs, **Christos Karkos (online)**, Greece

09.30-09.40 Discussion

09.40-09.45 In-hospital results of the treatment of infrarenal aortic aneurysms - results from the Hungarian National Vascular Registry (2010–2019), **Zoltan Szeberin**, Hungary

09.45-09.50 Discussion

09.50-09.55 Minilaparotomy for treating AAA is still alive, **Mladen Gasparini**, Slovenia

09.55-10.00 Discussion

10.00-10.05 Preclinical investigations for AAA, **Natalia Bogunovic**, Netherlands

10.05-10.10 Discussion

**10.15-10.30 INDUSTRY SYMPOSIUM - Shapemem**

Prevention of endoleak type II, **Theodosius Bisdas**, Greece, ONLINE PRESENTATION

**10.30.-11.00 Coffee break**

**11.00-12.00 ROUND TABLE SESSION**

## ROUND TABLE – APPLICATION OF GUIDELINES IN CLINICAL PRACTICE

**Moderators: GJ de Borst, V.Petrov, M.Marković**

Introduction– How guidelines are made, **GJ de Borst**, Netherlands (GC) - 5 minutes

EVAR for RAAAs: guidelines and real-world practice, **C.Karkos (online)**, Greece - 5 minutes  
Discussion 40 minutes

## **12.00-13.30 – ROUND TABLE SESSION**

**Moderators: Frederico Bastos Goncalves, Zsoltan Szeberin, Slobodan Tanasković**

### 12.00-12.45 Topic 1. ROUND TABLE - NATIONAL REGISTRIES AND VASCUNET

The role of ESVS Vascunet in development of registries, **Christian Behrendt**, Germany

Commentaries:

SerbVasc registry, **Igor Koncar**, Serbia

National registry in Greece, **Konstantinos Moulakakis**

National registry in Hungary, **Z.Szeberin**, Hungary

National registry in Bulgaria, **N.Nikolov**, Bulgaria

Discussion 20 minutes

### 12.45-13.30 Topic 2. ROUND TABLE – NATIONAL SCREENING PROGRAM

12.45-12.55 The effect of not screening for AAA in Portuguese population, **Frederico Bastos Goncalves**, Portugal

Commentary: Screening program in Hungary, **Zsolt Palásthy**, Hungary

13.00-13.05 Pilot screening in one county hospital in Serbia, **Vanja Kunkin**, Serbia

13.05-13.30 Discussion 25 minutes

## **13.30-14.30 LUNCH**

#### 14.30 – 15.30 ROUND TABLE SESSION - EDUCATION

**Moderators: Stephano Ancetti, Petar Zlatanovic, Zoltan Szeberin**

14.30-14.40 How to publish in EJVES, **Philippe Kohl**, Belgium

14.40-15.00 Discussion

15.00-15.10 What are educational modalities available for trainees?, **Stefano Ancetti**, Italy

15.10-15.20 How much open surgery should a young vascular trainee do?, **Veselin Petrov**, Bulgaria

15.20-15.30 Discussion

#### 15.30-17.00 SESSION – CAROTID ARTERY DISEASE

**Format:** Invited lectures

**Duration:** 5 minutes presentation + 5 minutes discussion

**Moderators: Maarit Venermo, Marko Dragas, Vesko Petkov**

15.30-15.35 The changes in treatment approach for carotid near occlusion, **GJ de Borst** (Netherlands)

Discussion 5 minutes

15.40-15.45 Carotid surgery in Serbia – results from SerbVasc registry, **Marko Dragas**, Serbia

Discussion 5 minutes

15.50-15.55 Early carotid endarterectomy, pros and cons, **Vladimir Manojlovic**, Serbia

Discussion 5 minutes

16.00-16.05 Carotid and coronary pathology- actual strategy, **Ionel Droc (online)**, Romania

Discussion 5 minutes

16.10-16.15 Why did we change to perform CEA from general to locoregional anesthesia? **Zsolt Palásthy**, Hungary

Discussion 5 minutes

16.20-16.25 Carotid artery stent acute thrombosis. Incidence, Outcome and Treatment, **Konstantinos Moulakakis**, Greece

Discussion 5 minutes

16.30-16.35 Postconditioning in carotid surgery - first in human study, **Nenad Ilijevski**, Serbia

Discussion 5 minutes

16.40-16.45 The role of Vortex technique in carotid revascularization – long term results, **Zoran Rancic**, Switzerland

Discussion 5 minutes

16.50-16.55 Hybrid carotid interventions - our experience, **Nadelin Nikolov**, Bulgaria

Discussion 5 minutes

**17.00-17.30 Coffee break**

**17.30-18.45 SESSION - PAOD**

Format: Invited lectures

Lecture duration: **5 minutes presentation + 5 minutes discussion**

**Moderators: Vladimir Manojlović, Mladen Gasparini, Konstantinos Moulakakis**

17.30-17.35 When we need to respect angiosome concept?, **Maarit Venermo**, Finland

Discussion 5 minutes

17.40-17.45 IVUS in aorto-iliac revascularization, **Frederico Bastos Goncalves**, Portugal

Discussion 5 minutes

17.50-17.55 Treatment of popliteal artery aneurysms results from Serbian hospitals, **Aleksandar Zarić**, Serbia

Discussion 5 minutes

18.00-18.05 Treatment of PAD in Serbia, review of SerbVasc registry, **Slobodan Tanaskovic**, Serbia

Discussion 5 minutes

18.10-18.15 The curiosity of native, **Nikola Lazovski**, Northern Macedonia

Discussion 5 minutes

18.20-18.25 The role of endovascular lithotripsy in endovascular treatment of femoropopliteal lesions, **Vladimir Cvetić**, Serbia

Discussion 5 minutes

18.30-18.35 Tumor in inferior cava vein, **Aleksandar Tomić**, Serbia

Discussion 5 minutes

**18.45-19.00 Wrap up**
